

Mark Stallard, Senior Development Consultant

Expertise

Excellent hands-on experience of moving large complex schemes forward. Quickly evaluating schemes, resolving issues and making sustained progress. Very experienced in operating in highly sensitive political environments and building and maintaining good relationships with key stakeholders.

About

Mark has a wealth of experience across a variety of Regeneration schemes. Projects include Leading on a success stock transfer ballot in Hackney, delivering off site housing in Basildon and recently taking forward a major scheme in Barking Town Centre. All of these projects involved mixed tenure homes and ensuring financially viable outcomes were delivered. Marks experience has included a number of RP'S and LA landlords. He is familiar with governance structures and process's required to procure and appoint consultants and contractors.

Mark enjoys working with key stakeholders and residents to deliver well designed, well built maintainable homes that residents will be proud to live in.

Recent Altair Assignments

Project Director / Navigator London Borough of Haringey – Lead responsibility for 300 home scheme. Taking scheme forward from appointment of Consultants, confirming viability , agreeing Planning strategy etc.

Recent Projects

Recent projects include developing modular homes, leading on a multiphase 850 multi tenure home Regeneration scheme and working with residents to procure Architects. Mark still enjoys the challenge of taking projects forward and providing great homes.

Background
